Dear Cecil --

I meant to have fabricated a Story about a Windsor Stag
& fees -- so as to make you think you had something Exquisite -- & then
I meant to have quizzed you without mercy -- the fact is it is the very
haunch which Esdaile sent to Labouchere L sent it to me and now it is
yours if it is not fit for guests it is so for dogs -- and for the latter is
at least as eligible as Horse flesh

yours affly

pray assist me tomorrow morning --
